

### About the Club

1000 Books Before Kindergarten is an ongoing program that encourages parents and caregivers to read with their children early and frequently. The program is based on research showing that the more books children ages 0-5 hear read aloud, the more prepared they will be to begin reading on their own.

### **How does it work?**

Track the number of books you read by coloring in a circle for each one. If you read a book more than once, record it each time. Books read during storytime, at daycare, or by others to your child count too!

When you finish 100 books, bring your log to the library to have it stamped complete and receive your next log!

After finishing 1000 books, your child will receive a certificate of completion, a book to keep, and have an amazing jumpstart on school!

### **Who can participate?**

*Any child ages 0-5 (or who has not yet entered Kindergarten) is eligible to participate.*
