

Wireless Printing at Cass County Public Library

On the Wireless Printing page, click the link for the appropriate branch:

The screenshot shows the top of the Cass County Public Library website. The header includes the library's logo and a navigation menu with links for CATALOG, RESOURCES, EVENTS, GENEALOGY, KIDS, TEENS, HOW TO..., and LOCATIONS & HOURS. The main heading is "Wireless Printing". Below the heading is a paragraph explaining that printing is available for WiFi users in library branches, but not for devices not connected to the library's WiFi network. It also states that black and white prints are 15¢ per page. A link is provided to click on the appropriate branch to start printing. The branches listed are Archie, Drexel, Garden City, Harrisonville, Northern Resource Center, and Pleasant Hill.

Wireless Printing

Cass County Public Library offers printing for WiFi users in our branches. To print from your laptop, tablet, smartphone, or other device, your device will need to be connected to the library's WiFi network. Wireless printing will not work from a mobile device or laptop that is not connected to the library's WiFi network. Black & white prints are 15¢ per page.

Click on the appropriate branch below to start printing.
