TIPS & TRICKS

CCPL Genealogy Has a New Look Online

As some of you may have noticed, the Genealogy section of the library website was updated recently. We have worked hard to make it user-friendly and to add new resources:

Twitchell Family Collection:

This collection contains decades worth of research on the Betty (Twitchell) Chastain's Twitchell family and related family lines. Search over 148,000 names including given, middle, maiden, and last names. The index is arranged alphabetically by last name so patrons may also browse rather than searching.

Cass County Research: This page now includes tips for where to go to find records and how to research locally.
