TIPS & TRICKS

Searching the National Archives Catalog
https://catalog.archives.gov
The National Archives Catalog contains descriptions for the Archives’ nationwide holdings. With the catalog, you can find basic information about the records, including size and location. Many include digital files.

**Note:** Typically descriptions in the Catalog do not include individuals’ names.

To perform a simple keyword search:
1. Visit the Catalog’s search form at the address above.
2. Enter the keyword(s) in the search box in the center of the page. E.g. “bounty land”
3. Press the magnifying glass button to run your search.
4. The results will be returned starting with best matches at the top. Use the filters on the left side to narrow down your results.
